

## National Institute of Certification in Engineering Technologies Information

### Test Centers & Exam Dates – Alaska

Please carefully note the location, Test Center code and cycle dates when contacting NICET regarding scheduling of examination. Also note the postmark deadline date for each test cycle. It is important to mail your application by the deadline date to get test date and location you need.

### Test Center Code And Cycle Dates - 2009

Test Location	Test Center Code	Cycle 1	Cycle 2	Cycle 3	Cycle 4
University of Alaska, Anchorage	AK1	February 21	May 16	August 26	December 12
University of Alaska, Fairbanks	AK2	*****	*****	*****	*****
University of Alaska SE, Ketchikan	AK3	-----	April 18	-----	October 24
Kenai Peninsula College, Soldotna	AK4	February 21	April 18	September 19	November 21
University of Alaska SE, Juneau	AK5	*****	*****	*****	*****

\*\*\*\*\* indicates testing will be conducted in the cycle, but precise date has not yet been determined. Applicants wishing to test at this center may submit an application listing the preferred cycle number and leaving the date blank. Use the earliest postmark date listed for the cycle in order to meet the application deadline.

----- indicates no testing will be conducted in the cycle.

### Postmark Deadline Dates – 2009

Test Location	Test Center Code	Cycle 1	Cycle 2	Cycle 3	Cycle 4
University of Alaska, Anchorage	AK1	January 3	March 28	July 8	October 24
University of Alaska, Fairbanks	AK2	*****	*****	*****	*****
University of Alaska SE, Ketchikan	AK3	-----	February 28	-----	September 5
Kenai Peninsula College, Soldotna	AK4	January 3	February 28	August 1	October 3
University of Alaska SE, Juneau	AK5	*****	*****	*****	*****

It is anticipated that the 2010 schedule will be very similar to the 2009 schedule.

#### Note 1:

Occasionally, the established dates are changed at the last minute due to requirements of the institution. These changes are beyond NICET's control and we sincerely regret any inconvenience that is caused to examinees.

#### Note 2:

The NICET examination proctors and test supervisors are NOT NICET-resource persons and are NOT familiar with any NICET policies other than those which are pertinent to their role as test administrators.

#### Technician Fees:

Examination Fee.... \$205.00

This fee applies to any exam sitting at a scheduled NICET test session, regardless of the length or type of exam. It is a flat fee because the process to generate, administer, and score an exam is not affected by the length of the exam. The only exception is the Special Recertification Exam.

**For more information on NICET testing please call 1-888-476-4238 (X 110 – 115) or visit their web page at <http://www.nicet.org>.**
