Motorcycle Safety Awareness Month

(ANCHORAGE, Alaska) – To coincide with Motorcycle Safety Awareness Month, the Department of Public Safety is releasing a public service announcement regarding motorcycle safety. The PSA provides safety information for both motorcyclists and the rest of the motoring public. It will run on some television and radio stations and on GCI cable May 8 - 18.

The PSA can be viewed on the DPS site or You Tube:

Unfortunately, Alaska has experienced multiple highway fatalities involving motorcyclists recently. DPS encourages all motorists to use extra care when driving, regardless of what vehicle you are operating.
