Safety Corridor Awareness

(ANCHORAGE, Alaska) – With fishing and other outdoor activities drawing motorists onto our highways, the Department of Public Safety is reminding motorists about our Highway Safety Corridors. There are four Highway Safety Corridors in Alaska. All fines for traffic violations inside a safety corridor are doubled. Please make safety your top priority every time you are traversing any of Alaska’s roadways.

The safety corridors PSA is airing on participating TV, cable, radio and social media during the first ten days of August.

The PSA can be viewed on the DPS site or You Tube:
