

## **Law Enforcement Management Institute 2020 - Featured speaker: Jack Ryan**

### Location:

APD Training Academy  
3760 W. Dimond Blvd.  
Anchorage, AK

Tuesday – Friday; May 19-22, 2020  
8:00 AM-5:00 PM

Law enforcement officers must have a working knowledge of the developing laws relating to police civil liability and discipline. Officers must be aware that they may be held accountable for decisions made by a court having jurisdiction over them. It is the developing law that guides police training, operations, and individual conduct. A failure to recognize the importance of this area of the law can lead to serious monetary consequences for individual police officers, supervisors, police executives and police agencies as a whole. In extreme cases, a failure to follow the rules set forth by the courts can result in criminal sanctions.

This course is structured in such a way as to assist officers and agencies in making an assessment of their particular level of risk-exposure by examining court decisions that have interpreted acceptable standards of conduct by officers. Training will include:

- **Legal Update & Reducing Liability for Law Enforcement**, (16 hours, May 19-20)
- **Enhancing Agency and Officer Performance** (8 hours, May 21). *To register for the 4-day Law Enforcement training, including Jails, [click here](#).*
- **Legal and Liability Issues for Jails** (8 hours, May 22). *To register for the single day Legal and Liability Issues for Jails training ONLY, [click here](#).*

### About the Speaker:

**Jack Ryan** is a practicing attorney in Rhode Island, a graduate Juris Doctorate, Cum Laude, Suffolk University Law School, who formerly served for 20 years with the Providence, RI, police department. He is a former adjunct faculty member at Salve Regina University and lectures frequently throughout the United States. His law degree and police experience provide a unique perspective on legal issues facing public safety agencies. Mr. Ryan has defended officers and municipalities in use of force cases and provides technical assistance to police departments on policy development and force management.
