

Alaska Scientific Crime Detection Laboratory

Change in Instrument Status Form

Effective: 11/10/2021

Version: 2.0

Date: 5/6/2022 _____ Instrument #: 100402 _____

Instrument Location: AST/Tok _____

Supervisor Name and Agency: Carlie Glaister - SCDL _____

Describe the Status Change or Issue with the Instrument:

This instrument is being monitored due to Standard Out of Range status messages. It was previously observed that the external standard was trending low on subject tests with a high pressure tank. However, the external standard appears normal on VOCs. An email was sent to Breath Test Supervisor Cody Webb requesting him to perform a once weekly breath test over the next month to collect more data for review.

If instrument was placed in service or removed from service, fill out the appropriate sections below.

In Service Date/Time: NA _____
