

Alaska Scientific Crime Detection Laboratory
Change in Instrument Status Form

Version: 6.0

Effective: 1/17/2024

Date: 6/26/2025

Instrument #: 100377

Instrument Location: Glacier Bay National Park & Preserve, Ranger Station

Supervisor Name and Agency: Leland S Barker, National Park Service

Describe the Status Change or Issue with the Instrument:

DMT is back online after Ranger Station renovations. A bottle change was completed and 2 verification of calibrations were done. One with the bottle change and one after updating the date and time.

If instrument was placed in service or removed from service, fill out the appropriate sections below.
