

OVC Transforming Victims Service Grant - Quarterly Performance Measures Reporting Form

The following pages detail the questions and performance measures for the Office for Victims of Crime's (OVC) *Transforming Victim Services (TVS) non-formula grant programs*. TVS was previously referred to as OVC Discretionary.

PROGRAM GOAL AND OBJECTIVES

The goal of TVS is to enhance the way we respond to crime victims in the United States, through a comprehensive and systemic approach, to ensure that every victim of crime receives the best responses and services. TVS grant programs fall under four main categories—

- A. Demonstration projects
- B. Training and technical assistance
- C. Enhancements to tribal victim services
- D. Development of technology and research to better serve victims

STRUCTURE OF THE QUESTIONNAIRE

This questionnaire is divided into seven question banks (indicated with Roman numerals I through VII), followed by three sections of shared measures. CDVSA has assigned specific question banks and shared measures depending on its purpose and federal reporting assignments, your assigned questions are all present in this PDF report.

NOTE: You must provide a response for each question in the report. If a specific question does not apply, please enter "NA" or "0" and explain this response in the space if provided. It is expected to have questions or even entire sections that do not apply for each sub grantee.

REPORTING PERIODS

Performance data are reported quarterly. In January and July of each calendar year, grantees must fill out the semiannual narrative reporting questions.

If you have any questions about the performance measures or the semiannual narrative questions please contact the CDVSA research analyst at catherine.mohn@alaska.gov.

A table outlining the reporting periods and submission deadlines is listed below.

Quarterly Reporting			Semiannual Narrative Reporting

I. Training

This set of questions asks about training activities that occurred during the reporting period that were funded as part of your grant. Training usually differs from technical assistance in that it is usually intended for multiple audience types and is not customized for a single group.

Performance measures calculated from these questions include—

- Percent of scheduled trainings that were conducted
- Percent of registrants who attended or completed training
- Percent of participants satisfied with the training delivered
- Percent of participants planning to implement training knowledge

BASELINE QUESTIONS

The baseline questions gather information about activities that occurred prior to the grant becoming operational. They are asked of new grantees during the first reporting period only.

1. Number of hours of training delivered in the quarter prior to the grant becoming operational.

Performance measures calculated from these questions include—

- Percent change in the number of groups participating in the initiative

BASELINE QUESTIONS

The baseline questions gather information about activities that occurred prior to the grant becoming operational. They are asked of new grantees during the first reporting period only.

1. Number of **groups/organizations/agencies participating** in the initiative prior to grant funding.

CURRENT QUARTER REPORTING

2. Number of groups/organizations/agencies participating in the initiative **as a result of grant funding** during the reporting period.

INSTRUCTION: Count groups whose participation is dependent upon grant funding (i.e., the group would not be able to participate in the initiative if grant funding were not available). A group may be an association, a government entity, a non-profit, a consortium, an agency, a neighborhood association, a religious group, or a single organization. Types of partnerships are state, regional, or local partnerships. The intent is to measure the increase in partnerships as a result of the grant funding.

3. **Total** number of groups/organizations/agencies involved in the initiative.

INSTRUCTION: This number should include active agencies that may have been part of the initiative BEFORE grant funding AND those that joined and remain active BECAUSE of grant funding, to represent the TOTAL number of partners involved in the initiative.

OVC Transforming Victims Service Grant - Quarterly Performance Measures Reporting Form

4. Of this group, provide the number that utilize an **evidence-based program or practice** in the delivery of services, and list the evidence-based program(s) or practice(s) being used.
INSTRUCTION: Count the number of agencies using evidence-based practices. Evidence-based programs or practices are best practice models which include program models that have been shown through rigorous evaluation and replication to be effective. - Percent of victims served who were the victim of a violent crime
- Average number of services provided per victim

CURRENT QUARTER REPORTING

DO NOT count anonymous contacts here. They should be reported in question 8. If your organization only had anonymous contacts, please enter zero (0).

2. *Total* number of anonymous contacts received during the reporting period.

INSTRUCTION: Count all anonymous contacts received by your organization through a hotline, online chat, or other service where the individuality of each contact cannot be established. If your organization did not have any anonymous contacts, please enter zero (0).

*INSTRUCTION: Report the number of NEW individuals served with the grant plus match (as applicable) funds **for the first time** during the reporting period. This number should be an unduplicated count of identified new clients served during a single reporting period, regardless of the number of services they received or victimization types with which they presented. For the first reporting period of your award, ALL individuals should be counted as new.*

Did you track new individuals?

Yes

No

If yes, please enter the number of individuals.

Suggestions may include: attends and participates in meetings, carries out assigned tasks and deliverables thoroughly and on time, contributes meaningfully to accomplishing team goals, provides leadership in key areas, and demonstrates dedication to serving victims of crime. The more criteria a partner meets, the higher their rating from the grantee.

APPENDIX B

The descriptions below are based on Federal legislation (unless otherwise noted), which provides guidance to states by identifying a minimum set of acts or behaviors to define the crime. OVC understands that state statutes may vary. Please interpret your state code within the definitions provided to report requested data.

GENERAL DEFINITIONS:

a. Child

A person under the age of 18 or as otherwise defined by state law.

b. Federal Fiscal Year

October 1 through September 30.

d. Crime Victim or Victim of Crime

A person who has suffered physical, sexual, financial, or emotional harm as the result of the commission of a crime.

e. Teen

OVC describes a teen (for purposes of this report) as a youth, ages 13–17. Use this definition to capture youth ages 13–17 who present for services for a primary and/or additional victimization where applicable: for example, teen dating victimization.

f. Victim Funded Project

VOCA funds plus match.

g. Victim Services Program

All services and activities offered on behalf of victims of crime, including the VOCA grant and match.

VICTIMIZATION TYPES:

Sexual assaults may or may not involve force and include such things as grabbing, fondling, and verbal threats.
