COURSE DESCRIPTION:

In this two-day course, students will practice use of the Incident Command System (ICS) in coordination with other public safety responders. As a follow-up to ICS-100 and ICS-200 training, this course will present scenarios requiring responders to structure their EMS resources within the guidance of National Incident Management System ICS, as appropriate to the needs of the different incident types. Through simulation and role-playing, students will demonstrate the implementation of EMS components in an ICS at medium- or large-sized incidents.

TARGET AUDIENCE:

Emergency response personnel with responsibilities to implement the initial EMS functions of an ICS at medium- or large-sized incidents.

COURSE PREREQUISITES:

IS-201 forms used for the development of the Incident Action Plan.
Syllabus: https://nfa.usfa.fema.gov/ax/syll/syllabus_f0166.pdf

STUDENT RESPONSIBILITIES:

Each student must have a FEMA Student Identification (SID) Number: <https://cdp.dhs.gov/femasid>. Course materials will be provided to registered students at the beginning of class. 100% attendance and participation is required. The student or his/her sponsoring agency is responsible for all costs for transportation, food, and lodging.

**AFSC certification is optional and additional state testing fees are applied at the conclusion of the course.*
