

NFA 0-0770

Fire Investigation: First Responder

January 31-February 1, 2022

Sessions will be held

9:00-5:00 pm

Anchorage Fire Training Center

1140 Airport Heights Drive

Anchorage, 99508

This two-day course presents a basic overview of a fire investigation. Students will review the basics of fire chemistry and develop an understanding of the role of the first responder in relation to fire suppression and fire investigation. The course will stress the importance of fire scene awareness, evidence identification, preservation, and the basics of a fire investigation. Students will develop an appreciation of the convergence of suppression, investigation, science, and law.
