Conducting Child Abuse Investigations

October 27 - 31 | Anchorage, AK

[Learn More and Register!](#)

Gather up-to-date information for the investigation and prosecution of all types of child abuse cases utilizing a multidisciplinary team (MDT) approach. Learn about medical evidence, interviewing child victims/witnesses and adult suspects/witnesses, along with legal issues involved in the investigation and prosecution of child physical and sexual abuse cases. Discuss trends in offenders' use of technology, the use of child sexual abuse material (CSAM), and sextortion. Learn law enforcement investigative techniques that capitalize on new technology.

Upon completion of this training, you will be able to:

- Define child physical and child sexual abuse
- Define characteristics of victims and offenders of child abuse
- Describe legal considerations for investigating and prosecuting child physical and child sexual abuse cases
- And much more...
