UNIFORM CRIME REPORTING PROGRAM

The Uniform Crime Reporting (UCR) Program is a nationwide cooperative effort by city, state, and county law enforcement agencies to report data on crimes brought to their attention. The International Association of Chiefs of Police (IACP) developed this methodology for crime reporting in response to the need for national crime statistics. The data provides the information necessary to gain a basic understanding of the nature and scope of the nation's crime problem.

The Federal Bureau of Investigation (FBI) identified eight offense categories, selected because of their seriousness and frequency, as crime index offenses. The crime index contains both violent crimes (crimes against people) and property crimes. The crime index includes murder, forcible rape, robbery, and aggravated assault in the violent crime group and burglary, larcenytheft, motor vehicle theft, and arson in the property crime category. The UCR Program also collects statistical data on officer assault, and persons arrested for Part I and Part II crimes. The FBI assumed administrative responsibility for the program in 1930. The FBI receives and tabulates nationwide data and annually publishes these statistics in *Crime in the United States*.

Since June of 1982, the Department of Public Safety (DPS) has administered the UCR Program for the State of Alaska. The Criminal Records and Identification Bureau, located within the Office of the Commissioner's Statewide Service Unit, is responsible for collecting, tabulating, reporting, and publishing the UCR data provided by local law enforcement agencies participating in the program; however, the submitting agencies retain responsibility for the accuracy of their data. UCR is a voluntary program and the number of agencies reporting data to DPS varies from year to year.

In 2004, 31 agencies provided 12 months of crime information to the department. The reporting agencies represented 97.5 percent of the state's population. Monthly crime statistics, created from the Alaska Public Safety Information Network (APSIN) or locally generated reports, are forwarded to the FBI for inclusion in its annual report and are used to compile the annual *Crime Reported in Alaska* publication. This document is a major resource for measuring the trend and distribution of crime in Alaska.

2004 REPORTED CRIME FREQUENCY

The Crime Clock should be viewed with care. Being the most aggregate representation of UCR data, it is designed to convey the annual reported crime experience by showing the relative frequency of occurrence of the Index Offenses. This mode of display should not be taken to imply a regularity in the commission of the Crime Index Offenses; rather, it represents the annual ratio of crime to fixed time intervals.

2004 UCR CRIME INDEX

DEFINITION

The crime index is composed of selected offenses used to gauge fluctuations in the overall volume and rate of crime reported to law enforcement. The offenses included are the violent crimes of murder and non-negligent manslaughter, forcible rape, robbery, and aggravated assault and the property crimes of burglary, larceny-theft, motor vehicle theft, and arson. All violent crime involves force or threat of force whereas the object of property crime is the taking of money or property without force or threat of force against the victim.

The FBI began collecting arson data in 1979. Because national population coverage for arson data is lower than for other Crime Index offenses, the FBI tabulates arson data separately from the other index offenses in *Crime in the United States*. To retain uniformity with federal reporting, Alaska excludes arson from the state crime index and rate calculations. The data is included at the agency level.

SUMMARY

The calculations represented in <u>Crime Reported in Alaska</u> are made utilizing the index offense totals for the current and previous year, as well as population estimates provided by the FBI. All of the crime index offense totals, with the exception of aggravated assault, decreased in 2004. The crime rate, which relates the incidence of crime to population, likewise experienced a decrease in all but one index offense. Caution should be exercised when comparing data from year to year and making conclusions.

In 2004, the percentage of the population represented by reporting agencies remained at 97.5 percent. The Nenana Police Department was closed in September due to budget issues, and was the only 12-month reporting agency from 2003 to not continue in 2004. The population that they represented has now been added to the Alaska State Troopers area of coverage. The Alcohol Beverage Control Board began submitting UCR data to the FBI in 2004. No crime index offenses were reported but as a full year of reports contained other offense arrest information, the ABC Board was counted among the 31 reporting agencies. The population, represented by those 2003 agencies that continued to report in 2004, experienced an estimated 1.1 percent increase. All facts are important to consider when reviewing the fluctuations in the crime index and rate variances between 2003 and 2004, as well as changes in the crime index offense totals and their distributions.

2004 MURDER AND NON-NEGLIGENT MANSLAUGHTER

DEFINITION

Murder and non-negligent manslaughter, as defined in the Uniform Crime Reporting Program, is the willful (non-negligent) killing of one human being by another.

The classification of this offense, as for all other Crime Index offenses, is based solely on police investigation as opposed to the determination of a court, medical examiner, coroner, jury, or other judicial body. Not included in the count for this offense classification are deaths caused by negligence, suicide or accident, justifiable homicides, and attempts to murder or assaults to murder which are scored as aggravated assaults. ¹

SUMMARY

A total of 36 murders were recorded in 2004. This represents 0.9 percent of the violent crimes and 0.1 percent of the total crime index offenses. There were 16.3 percent fewer murders reported in 2004 than in 2003. Monthly figures show that more persons were murdered in March than any other month in 2004. A minimum of 1 homicide occurred every month in 2004, except April. Five point six (5.6) percent of the identified offenders were under 18 years of age and 94.4 percent were 18 and over. Twenty-two point two (22.2) percent of the victims were under 18 years of age and 77.8 percent were 18 and over. Eight-one point eight (81.8) percent of the identified offenders and 69.4 percent of the victims were male. The weapon used in 47.2 percent of the homicides was some type of firearm.

The sum of all the relationship categories (38) does not equal the murder/victim total (36) or the offender total (35), as several incidents involved multiple offenders or multiple victims and each relationship is counted.

DEFINITION

Forcible rape, as defined in the Program, is the carnal knowledge of a female forcibly and against her will. Assaults or attempts to commit rape by force or threat of force are also included; however, statutory rape (without force) and other sex offenses are excluded. ² By Uniform Crime Reporting definition, the victims of forcible rape are always female.

SUMMARY

A total of 547 rapes were reported in 2004, 55 of which were attempted rapes. The total represents 13.8 percent of the violent crimes and 2.2 percent of the total crime index offenses. There were 4.9 percent fewer reported rapes in 2004 than in 2003. Monthly figures indicate that a greater number of rapes, including attempts, occurred in June and October while the fewest number occurred in September. Arrest data submitted by 29 of the 31 agencies indicated 15.9 percent of the persons arrested for rape were under 18 years of age and 84.1 percent were 18 and over.

As is the case for all other Crime Index Offenses, complaints of forcible rape made to law enforcement agencies are sometimes found to be false or baseless. In such cases, law enforcement agencies report these instances as "unfounded" and exclude them from the crime counts. In 2004, 12.2 percent of forcible rape complaints were "unfounded".

DEFINITION

Robbery is the taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear. ³

SUMMARY

A total of 431 robberies were committed in 2004. This represents 10.8 percent of the violent crimes and 1.7 percent of the total crime index offenses. There were 2.5 percent fewer robberies in 2004 than in 2003. Monthly figures indicate that more persons were robbed during June and July than any other month, while the fewest number were robbed in March. Eighty-one point four (81.4) percent of the robberies were committed using either a firearm or strong-arm tactics. Arrest data submitted by 29 of the 31 agencies indicated 19.5 percent of the persons arrested for robbery were under 18 years of age and 80.5 percent were 18 and over. Eighty-nine point five (89.5) percent of the persons arrested for robbery were male.

Fifteen (15) agencies reported the offense of robbery and 14 the site of occurrence. The estimated dollar value of associated property loss was \$289,230. Robberies reported to have occurred on streets or highways accounted for approximately 44.9 percent of the offense total and 42.9 percent of the property loss.

DEFINITION

Aggravated assault is an unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault is usually accompanied by the use of a weapon or by means likely to produce death or great bodily harm. Attempts are included since it is not necessary that an injury result when a gun, knife, or other weapon is used which could and probably would result in serious personal injury if the crime were successfully completed. ⁴

SUMMARY

A total of 2,963 aggravated assaults occurred in 2004. This represents 74.5 percent of the violent crimes and 11.7 percent of the total crime index offenses. The number of aggravated assaults increased 12.3 percent between 2003 and 2004. Monthly figures indicate that more persons were assaulted in May than any other month in 2004 while the fewest number were assaulted in March. Arrest data submitted by 29 of the 31 reporting agencies indicated 11.9 percent of the offenders were under 18 years of age and 88.1 percent were 18 and over. Seventy-nine point nine (79.9) percent of the persons arrested for aggravated assault were male.

Strong-arm tactics, the use of personal weapons such as hands, fists, and feet, were used in committing 38.7 percent of the aggravated assaults. The use of firearms accounted for 15.3 percent of the aggravated assault offenses, a knife or other cutting instrument 22.2 percent and blunt objects or other dangerous weapons 23.8 percent.

2004 BURGLARY

DEFINITION

Burglary is the unlawful entry of a structure to commit a felony or theft. The use of force to gain entry is not required to classify an offense as burglary. Burglary in this Program is categorized into three sub-classifications: forcible entry, unlawful entry where no force is used, and attempted forcible entry. ⁵

SUMMARY

A total of 3,599 burglaries were reported in 2004. This represents 16.9 percent of the property crimes and 14.3 percent of the total crime index offenses. The number of burglaries decreased 5.5 percent between 2003 and 2004. Monthly figures indicate that more burglaries occurred during the month of July than any other month in 2004 while the fewest number occurred in March. Arrest data submitted by 29 of the 31 reporting agencies indicated 42.3 percent of the persons arrested for burglary were under 18 years of age and 57.7 were 18 and over. Males constituted 90.9 percent of the offenders.

Twenty-seven (27) agencies reported the offense of burglary. Place and time of occurrence information was available regarding 3,543 of the burglaries, and 59.5 percent of these were residential in nature. The estimated value of property loss was \$4,717,489. Forty-five (45) percent of the burglaries were known to have occurred at night. Nature of entry information was provided regarding all burglaries. Sixty-two point four (62.4) percent of the burglaries involved forcible entry, 31.9 percent were unlawful entries (without force) and the remainder was forcible entry attempts.

DEFINITION

Larceny-theft is the unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. It includes crimes such as shoplifting, pocket-picking, purse-snatching, thefts from motor vehicles, thefts of motor vehicle parts and accessories, bicycle thefts, etc., in which no use of force, violence, or fraud occurs. In the Uniform Crime Reporting Program, this crime category does not include embezzlement, "con" games, forgery, and worthless checks. Motor vehicle theft is also excluded from this category inasmuch as it is a separate Crime Index offense. ⁶

SUMMARY

A total of 15,425 larceny-thefts were reported in 2004. This represents 72.6 percent of the property crimes and 61.1 percent of the total crime index offenses. The number of larceny-thefts decreased 12.5 percent between 2003 and 2004. Larceny-theft was most prevalent during the month of August and least occurring in April. Arrest data submitted by 29 of the 31 reporting agencies indicated 33.4 percent of the people arrested for larceny-theft were under 18 years of age and 66.6 percent were 18 and over. Sixty-four point four (64.4) percent of the offenders were male.

Thirty (30) of the 31 agencies reported the offense of larceny, and 29 provided information regarding type. The estimated property loss related to larceny-theft was \$8,753,381. Losses of goods and property reported stolen as a result of pocket-picking totaled \$18,209; purse-snatching, \$14,685; and shoplifting, \$433,573. The value of the property stolen from motor vehicles was \$1,887,818; from buildings, \$2,003,187; and from coin-operated machines, \$11,403. Thefts of motor vehicle accessories totaled \$441,354 and \$297,850 for bicycles.

2004 MOTOR VEHICLE THEFT

DEFINITION

Motor vehicle theft is the theft or attempted theft of a motor vehicle, this offense category includes the stealing of automobiles, trucks, buses, motorcycles, motor scooters, snowmobiles, etc. The definition excludes the taking of a motor vehicle for temporary use by those persons having lawful access. ⁷

SUMMARY

A total of 2,227 motor vehicle thefts occurred during 2004. This represents 10.5 percent of the property crime and 8.8 percent of the total crime index offenses. There was a 7.6 percent decrease in the motor vehicle theft crime index between 2003 and 2004. Monthly figures indicate that more vehicles were stolen in July than any other month in 2004 while the fewest number were stolen in October. Arrest data submitted by 29 of the 31 reporting agencies indicated 36 percent of the persons arrested for motor vehicle thefts were under 18 years of age and 64 percent were 18 and over. Seventy-nine point eight (79.8) percent of the arrested offenders were male.

Twenty-four (24) of the 31 agencies reported the offense of motor vehicle theft and 21 provided value of property loss. The estimated property loss related to motor vehicle theft was \$23,115,761.

OFFENSES IN UNIFORM CRIME REPORTING8

Offenses in Uniform Crime Reporting are divided into two groupings, Part I and Part II. Information on the volume of Part I offenses known to law enforcement, those cleared by arrest or exceptional means, and the number of persons arrested is reported monthly. Only arrest data are reported for Part II offenses.

The Part I offenses are:

Criminal homicide.--a. Murder and non-negligent manslaughter: the willful (nonnegligent) killing of one human being by another. Deaths caused by negligence, attempts to kill, assaults to kill, suicides, accidental deaths, and justifiable homicides are excluded. Justifiable homicides are limited to: (1) the killing of a felon by a law enforcement officer in the line of duty; and (2) The killing of a felon by a private citizen. b. Manslaughter by negligence: the killing of another person through gross negligence. Traffic fatalities are excluded. While manslaughter by negligence is a Part I crime, it is not included in the Crime Index.

Forcible rape.--The carnal knowledge of a female forcibly and against her will. Included are rapes by force and attempts or assaults to rape. Statutory offenses (no force used--victim under age of consent) are excluded.

Robbery.--The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Aggravated assault.--An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely

to produce death or great bodily harm. Simple assaults are excluded.

Burglary-breaking or entering.--The unlawful entry of a structure to commit a felony or a theft. Attempted forcible entry is included.

Larceny-theft (except motor vehicle theft).--The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. Examples are thefts of bicycles or automobile accessories, shoplifting, pocketpicking, or the stealing of any property or article which is not taken by force and violence or by fraud. Attempted larcenies are included. Embezzlement, "con" games, forgery, worthless check, etc., are excluded.

Motor vehicle theft.--The theft or attempted theft of a motor vehicle. A motor vehicle is self-propelled and runs on the surface and not on rails. Specifically excluded from this category are motorboats, construction equipment, airplanes, and farming equipment.

Arson.--Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

The Part II offenses are:

Other assaults (simple).--Assaults and attempted assaults where no weapon is used and which do not result in serious or aggravated injury to the victim.

Forgery and counterfeiting.--Making, altering, uttering, or possessing, with intent to defraud, anything false in the semblance of that which is true. Attempts are included.

⁸Crime in the United States, 1996, 395.

Fraud.--Fraudulent conversion and obtaining money or property by false pretenses. Included are confidence games and bad checks, except forgeries and counterfeiting. **Embezzlement.--**Misappropriation or misapplication of money or property entrusted to one's care, custody, or control.

Stolen property; buying, receiving, possessing.--Buying, receiving, and possessing stolen property, including attempts.

Vandalism.--Willful or malicious destruction, injury, disfigurement, or defacement of any public or private property, real or personal, without consent of the owner or persons having custody or control.

Weapons: carrying, possessing, etc.--All violations of regulations or statutes controlling the carrying, using, possessing, furnishing, and manufacturing of deadly weapons or silencers. Included are attempts.
