

**COACHING BOYS INTO MEN - BASKETBALL COACHING CLINIC  
REGISTRATION FORM  
NOVEMBER 8 & 9, 2019  
BETHEL REGIONAL HIGH SCHOOL**

**Coaching Boys Into Men (CBIM)** is a comprehensive violence prevention curriculum and program that inspires athletic coaches to teach their young athletes that violence never equals strength and violence against women is wrong. The program comes with strategies, scenarios, and resources needed to talk to boys, specifically, about healthy and respectful relationships, dating violence, sexual assault, and harassment. The curriculum is designed to be incorporated into a coach's weekly practice plan. CBIM provides support and follow-up communications throughout the season.
