

Burny's Fire Facts

The 4th of July is not only traditionally fun, but it is also traditionally the holiday with the most fires. These fires can be anything from a grease fire on the grill to an entire neighborhood being burnt to the ground. We want to prevent the loss of life and property from fire and explosion by following these tips:

Safety Tips

- ◆ Keep an extinguisher, hose or bucket of water nearby just in case.
- ◆ Keep combustibles a safe distance from grills and other heat sources.
- ◆ Follow all local, State and Federal laws that apply to the use of fire.
- ◆ Fire is a tool and children should never be allowed to play with it.
- ◆ Follow the links below to ensure your holiday is safe and legal.
