Good evening,

I have attached the VOC from 1-3-2022 at approximately 1200 hours from Kodiak PD DMT #100682. The USB export method did not recognize the flash drive so I hope this PDF document will suffice. I have spoken with our IT department who is checking the modem connection port through Alaska Communications. Thank you for the Certificates and guidance. I also worked for Whittier PD so I will contact my friend Mark Hager (on vacation) and just remind him to manually upload the VOC.

Thank you,

Ofc. Thomas Harris

Please see attached certificates.

Have you gotten the chance to upload your Datamaster's files into a USB?

Good morning,

I spoke with Sgt. Sortor who informed me that he sent the VOC's to you yesterday. Thank you for your patience and I will inform our IT Dept. of the modem connection issues again to resolve the issue. I have attached a VOC (3-2-2022) to this email per Sgt. Sortor.

Best regards,

Good afternoon Officer Harris,

VOC day just occurred and we were once again unable to upload your agency's instrument.

Could you please ensure that a VOC occurred on 02-21-2022 or later, then upload your instrument to a USB drive and email the files to me?

If you need assistance with this process, please feel free to let me know.

Thank you,

Tatiana Lee
