

Alaska Scientific Crime Detection Laboratory
Change in Instrument Status Form

Version: 6.0

Effective: 1/17/2024

Date: 4/18/2025

Instrument #: B-100668

Instrument Location: NPPD hallway

Supervisor Name and Agency: Travis Wayne Koerner, NPPD

Describe the Status Change or Issue with the Instrument:

We moved the Datamaster from its historic location in the NPPD hallway across from the patrol room to the new wing hallway directly adjacent to the DUI sally port. The current location is a part of the same building, just new construction and much better ventilated than our current location. It was briefly turned off and unplugged from its original spot, then hooked back up and turned on in its new location.

If instrument was placed in service or removed from service, fill out the appropriate sections below.

In Service Date/Time: 04/18/2025 @ 2005 hours
